In accordance with the instructions of the Officer i/c Special Branch, I have to report that I have interviewed Mr. Abend regarding noises, which he states were only heard at night time, and which he believes emanated from a powerful radio transmitting set.

With Mr. Abend's permission I stayed in his apartment (901) at the Embankment Building on the nights of April 21/22 and April 22/23, 1933 with the object of locating the source of the noises referred to, but during that period, nothing of an unusual nature was seen or heard.
